

# 11/22 This Week at CCS

Looking for a School Document/Information? Go to [CCS Information Folder](#)

**This Month's HOM is Thinking About Our Thinking (Metacognition)** *Being aware of your own thoughts, feelings, strategies and actions and their effects on others. Metacognition is our ability to know what we know and what we don't know. It is our ability to plan a strategy for producing the information that is needed, to be conscious of our own steps and strategies during the act of problem solving, and to reflect on and evaluate the productiveness of our own thinking.*

**This Week's Quote is: People don't win because they're physically stronger. It's because they're stronger between the ears.** (Keeping the same quote as last week since grades 5, 6, & 7 were remote learning and being that there are only two days this week)

See the [Monthly HOM folder](#) in the [CCS Information Folder](#) for more information about this HOM, and suggested activities. Please share any ideas or activities you use with your class so we can add them to the folder. **Great Graphic in folder for Metacognition!**
